

GOVERNMENT OF KARNATAKA
Rural Drinking Water and Sanitation Department

No. RDW&SD/CE/Tech/66/2022-23

Date:19.10.2023

Notification for Appointment of Consultants on contract basis for District Technical Support Unit (DTSU) of Rural Drinking Water and Sanitation Department, Government of Karnataka.

1. Program Objectives

Objective of the World Bank-funded 'Karnataka Sustainable Rural Water Supply Program (KSRWSP)' is to increase access to safely managed rural drinking water services and strengthen institutions to deliver sustainable services of drinking water to rural communities of Karnataka. Safely managed drinking water is defined as an improved water source that is accessible on household premises, available when needed, and is free from fecal and chemical contamination. With regards to "sustainable service", the Program defines this as technical sustainability, financial sustainability, and the sustainability of the water source.

2. Program Description

The Program will be implemented over a period of five years (2023-28) with USD 363 million from the World Bank. The Program will cover all 31 districts of Karnataka. The World Bank's Program for Results (PforR) was selected as the most appropriate financing instrument for a Program of this nature which aims to support GoK to achieve its ambition of sustainable access to safely managed water supply services for all. The Program will be implemented based on the Legal Agreement signed by the World Bank and the Government of India and Program Operational Manual (POM)

Program Scope:

- (i) Delivery of infrastructure in new and existing single-village schemes with metered household connections, and in-village facilities (such as distribution systems, additional storage reservoirs) where bulk water is available through MVSs, and third-party quality assurance
- (ii) Strengthening of existing MVSs,
- (iii) Institutional performance enhancement at State, District and GP levels;
- (iv) Enhancing implementation capacity on greywater management, water quality, energy efficiency, M&E system
- (v) Investments in and source sustainability and recharge through tank rejuvenation and sustainability of tank operations.

Additional information about the Program is available here:

<https://projects.worldbank.org/en/projects-operations/document-detail/P179039?type=projects>

Implementation Arrangements: The Program will be implemented by the Rural Drinking Water and Sanitation Department (RDWSD) who is the custodian of the state-level JJM program. The District and Block units of RDWSD are mandated to implement the program and handover the water assets after construction to the GP. RDWSD will help coordinate Program-level activities, including monitoring and evaluation, and will provide necessary technical and financial support to the relevant service delivery agencies.

District Technical Support Unit (DTSU):

DTSU will support the executive engineers and CEOs of Zilla Panchayats to accelerate the implementation of the JJM, ensure high quality infrastructure and capacity building, the Program will support RDWSD with District Technical Support Staff to be deployed to the 31 districts.
